

Dear Parents and Carers,

1st February 2021

We would just like to say how very impressed we are with the work we have received and the enthusiasm of the children since the beginning of term. We appreciate that juggling work commitments and supporting remote learning can be extremely challenging and we would like to say thank you for supporting your child with their learning. It is lovely to see pictures of the children's happy, smiling faces, when completing their work - they look really proud of themselves!

eSchools has made the communication between teachers, children and parents very easy. It has been an extremely productive half term and we have enjoyed seeing how imaginative and creative some of you have been when completing remote learning tasks.

When tasks are uploaded by the children we are able to give appropriate feedback quickly. To support children's development even further we are commenting on every piece of work submitted. This can take the form of praise, feedback or corrections. **It is important that children check the comments section on work they have completed. If your child is asked to correct or edit work please get them to send their reply via the message option. Children can reply to us directly and attach any additional work. This will generate a notification for the teacher so it will not be missed.**

Also, we are awarding success cards stamps for outstanding work, please mark this in your child's organiser if they are awarded one. Star Learner of the Week, and Athletics certificates are also being awarded. Watch out for any messages coming your way. Don't forget to check the eSchools dashboard to see examples of work and photographs of children from your class.

Thank you!

Stay safe,

Mrs Brown and Mrs Wilkinson
