Opening Doors, Enriching Lives

Tiddalick has a long, pink tongue that is used to catch his prey. He lives in the Wollombi Valley in Australia. His body is a lime green colour and has some weird shaped, black spots. He is an amphibian that lives on land and water. Tiddalick's legs are like springy springs that bounce very wildly into to air. His two beady eyes are watching you all the time. He has got webbed feet ~~which~~ ^{which} make him swim a lot faster. Tiddalick has a slimy and smelly mouth. He is greedy because he drank all the water from the bilabong and did not leave any for his friends. He is extremely selfish and extremely greedy for what he did.
